Ice Fairies: Beyond the Stars

Аннотация

A witty short story from the collection, BEYOND THE STARS, written and illustrated by two Irish talents in children's fiction today. The first great snowfall of winter and Brian and his friends can't contain their excitement. They rush out to play in this magical new world before the daylight fades. Noticing a glistening above them, the children see the snow-laden boughs of the trees are dripping in icicles, each one dressed in a ribbony wisp of gold. 'Ice fairies...' Brian breathes in wonder. Trying to get a closer look, no one is sure whether or not the fairies are real, and as delicate white flakes start falling from the sky, they are soon distracted from finding out by throwing snowballs and having fun. Will anyone remember about the fairies, hanging silently from the trees? Or notice a mysterious old man sitting on a bench, trailing golden ribbon from his pocket...A magical and imaginative tale brought to life by beautiful illustrations. Look out for the other eleven stories, also available as e-shorts!
