**Readers: Walt Disney**

**Аннотация**

Fans of Disneyland, Disney World, and all things Disney are sure to enjoy learning all about the fascinating founder, Walt Disney. This new biographic reader reveals the interesting, enchanting life of one of the world's most beloved storytellers and entrepreneurs. Level 3 text provides accessible yet wide-ranging information for fluent readers.

Dear Parents,

*Mariam Jean Archer*

Children are naturally curious about the world around them, and curiosity is a powerful motivation for reading. Studies show that informational reading is critical to success in school. National Geographic Kids Readers allow you to feed your children's interests and create readers who not only can read, but also want to read!

To sustain children's excitement about reading, we have created a special program called **NATIONAL GEOGRAPHIC KIDS SUPER READERS**. As kids read each National Geographic Kids Reader, they cross off its picture on a free National Geographic Kids Super Readers poster that parents can download from [kids.nationalgeographic.com/superreaders](https://kids.nationalgeographic.com/superreaders).

Throughout the process, kids and parents go to the website and download specially designated prizes that reward their effort. Kids

can have even more reading fun online, with lively book-related activities, quizzes and games, fascinating excerpts, and sneak previews of upcoming books.

The National Geographic Kids Super Readers program appeals to

kids' love of accomplishment while providing them with incentives

to keep reading. When the reading experience is fun, children learn

more and achieve more. What could be better than that?

Sincerely,

Mariam Jean Dreher

Professor of Reading Education
