Аннотация

The book seeks to remind the readers of the healing power of herbs and everything that nature provides us with, of the curative effect of herbs and plants on the human body and organism. The book talks about close relationship between all the living creatures and God. The quoted Bible verses show how everything in nature is connected, how nature and human being can form an integral whole. If we take everything from nature, and obey God's law, we can cure any disease, even the deadliest ones.

FOREWORD

This is a book about the name of God, the healing power of herbs and plants.

In this little book, I would like to tell you about God, the truth of God, the only existing truth. I would like to tell you about the teachings of our Lord Jesus Christ who was sent to the Earth by God the Father to reveal the truth about healing, the truth from His teachings and the law of God. For it was said: “And the gospel must first be preached to all nations.” I have read the Christian Bible, also known as the Book of Life, which consists of Old and New Testaments, from beginning to end. The Bible contains many allegories and probably each of us has different interpretations of them. I will tell you about

my understanding of the message to the people of God the Father. When you buy herbal teas in pharmacies, you are aware that they are composed of fresh herbs and plants that have been harvested and dried during the period when the content of vitamins in them was the highest. There are wonderful herbal teas for treating kidney diseases or hypertension, the condition in which the blood pressure in the arteries is persistently elevated. There is a herb named orthosiphon which is used to treat kidney stones and there are plenty of other herbs. Miraculous herbs can cure your body. You should drink herbal teas regularly, throughout your entire life. They will help you cleanse your blood vessels, veins, arteries, all the organs and tissues of your body. Salt is deposited on the walls of your blood vessels. Gout, arthritis, arthrosis, osteochondrosis, and osteoporosis affect your joints. Osteoporosis occurs when there is a lack of calcium and other minerals in your organism, your bones become weak and spongy and break more easily. But as soon as you start drinking various herbal teas, you regain physical mobility and something miraculous happens: Your body is getting cleaned from the inside, it is washed by the teas that you brew. You will move more and you won't get tired. You will get your health back. But be forbearing, for a protracted disease requires patience and faith for healing. The Bible says, "There is no acknowledgment of God." People don't know God but God is with you. God is everything that grows on the Earth, all the treasures lying deep in the Earth, every breathing and living being. The Earth lives.

The wind scatters the live-giving particles all around. People die without air and Sun. When God created the Earth and all living creatures, He gave names to every living being, as Bible says. He gave names to herbs and trees, to stones, fish and algae, to beasts, men, insects, and even the tiniest spiders. When you read the Bible, you get to the verse that reads: "Come to me, and I will give you rest. Everyone who calls on the name of the Lord will be saved." I have been pondering over this allegory for a long time, failing to understand it, and then suddenly, as I remembered that God had created all the living beings and gave names to them, I realized that it's about herbs and plants, fruits and leaves of trees that are meant for healing. As for being saved, it means you will be cured of diseases, you will neither die nor perish, and will be released from suffering brought by diseases. I have bought some herbs in a pharmacy: Motherwort, oregano, immortelle, chamomile, hyssop, eucalyptus leaves, pagoda tree fruits, licorice roots, Labrador tea (rosemary). I discovered God. A man is God's word made flesh. The flesh will live as long as we eat our flesh that grows on trees, that is to say, fruits, nuts, vegetables, everything that grows is the flesh of God. He created everything that exists on the Earth and in Heaven. "The Lord is good to those who depend on him, to those who search for him." A man is the flesh of God. Fruits, vegetables, plants, all the living, everything that a man eats is the flesh of God too. "Unless you eat the flesh of the Son of Man and drink his blood, you have no life in you." A man is flesh and food is flesh too. Without food,

the flesh of a man's flesh, there won't be a man's flesh. One of the scribes asked Jesus, "Which commandment is the first of all?" Jesus answered, "The first is, 'The Lord our God, the Lord is one; you shall love the Lord your God with all your heart, and with all your soul.'" Loving nature is about loving God. "Turn to God", the Father who created me. And that is when I realized what the meaning of life is. I started brewing herbal teas. Each plant has its own taste, its own color. The little boxes have leaflets inside, containing information on each herb and diseases it cures: Typhus and cholera, pox, pulmonary gangrene, osteoarticular tuberculosis and tuberculosis colitis, scrofula, diabetes, allergy, diathesis, measles, hydrops, thrombophlebitis, influenza and influenza complications, bedsores, ulcers, myomas, cancer, and infertility. Herbs can rejuvenate your body, restore sight and hearing. I have been cured of all my diseases with the help of herbs. And I was eager to learn the properties of every herb and brew teas with them. There are herbs that treat obesity and undernutrition, there are plants that treat AIDS, encephalitis, Ebola virus, drug, alcohol, and nicotine addiction. And that is the beginning of true life. All my diseases are gone and I keep discovering new herbs and plants. "Be forbearing," God says. In order to cure diseases, you have to be patient. To cure the body from the outside we anoint it with oil, heal wounds, scratches, and abscesses, apply herbal infusion-soaked gauze pads. To cure the body from the inside we drink herbal teas. Sometimes it takes months to heal but with each passing day, your health will

improve. If your body decays and rots from the inside, it makes you suffer horribly. Cure your flesh, come to the Lord, call on His name, and you will be healed. God heals and cures and He is the only one who can help you. God is plants that were created for healing. Medicines can cause severe side effects: Nausea, vomiting, dizziness, paralytic stroke, loss of coordination, and much more. That is why you should buy plant-based medication, brew herbal teas, and drink them until you are cured. But healing only comes to those who believe in God, in the healing powers of herbs and plants; to those who lead godly lives, obey God's laws, covenants, and rules of life. Observing these rules enables us to live. No healing for the wicked when they break commandments and laws of God the Father unless they turn to God. "You cannot drink the cup of the Lord and the cup of demons too." An honest man is blessed by God, a sinner is damned. Here's what you need to take the first step: Buy a book on human anatomy to learn more about the inside of your body and the location of different organs. If you look at your bones, sinews, and muscles and learn their purpose, you will take care of them by drinking water, eating fruits and vegetables, various spices, nuts, berries, and mushrooms, brewing healthy herbal teas, and picking up first fresh leaves, full of vitamins, drying them. When a man turns to God, his or her life changes. Read the Bible, the Book of Life. God instructs us and sets us on the right path. Tell your children about it and set them on the right path too. Heal your children with herbs, even if it's a nursing

infant. Start with a teaspoon of herbal teas and then increase the dose slowly to a tablespoon, then to one-third of a glass. “Turn to God.” Don’t believe anyone except for Him. Evil shall be repaid by evil, good shall be repaid by good. Jesus healed a blind man. He put some spittle on his eyes and laid hands on him. And you should do it too to improve your eyesight: Put some spittle on your eyes and move the eyelids by pressing gently, and thus massaging your eyes. Do it for half a minute for both eyes every day. That is how I managed to improve my sight. Drink three glasses of unboiled water a day. Blood is water. The water of life. “Unless you eat the flesh of the Son of Man and drink his blood, you have no life in you.” Love God. “Therefore, stay awake, for you do not know on what day your Lord is coming.” Stay awake, drink herbal teas every day, even after you are healed, so that your body was clean both from the outside and from the inside. Herbal teas remove radionuclides, pesticides, heavy metals such as mercury and lead, and many others from your body. For every day we breathe the unclean air, eat heavy food, pastries, ice-cream, food, full of food additives, flavoring agents, contaminating our bodies. But when we drink teas made with our own hands, we stay healthy and happy. “Rejoice and be glad”, God says. Let the Lord bless every living soul to do God’s work. Love God!
