Введение

Данное пособие предназначено для начинающих изучать английский язык и направлено на систематическое освоение базовой лексики, а также формирование навыков употребления слов и фраз в повседневных ситуациях. Оно подходит как для самостоятельного изучения, так и для работы с преподавателем.

Материал охватывает различные аспекты повседневной жизни, включая личные интересы, домашние дела, учебу, работу, общение и путешествия. Каждая глава сочетает вводную лексику, упражнения на закрепление, практику употребления слов в контексте, чтение небольших текстов, перевод с русского на английский и итоговое задание на письменное применение изученного материала.

Особое внимание уделено активизации словарного запаса через вопросы, диалоги и практические задания. В начале каждой темы предлагаются вопросы для «разогрева», которые помогают настроиться на изучаемую тему и стимулируют мыслительную деятельность. Далее представлены ключевые слова и фразы с короткими примерами употребления, что позволяет учащемуся не только запомнить лексику, но и использовать её в реальных ситуациях.

Практические задания включают вопросы для устного и письменного ответа, чтение текстов, перевод фраз и итоговые задания на составление коротких текстов. Ключи даны для переводческих и итоговых заданий, что позволяет учащемуся самостоятельно проверять правильность и формулировать свои ответы.

Пособие предназначено для широкого круга пользователей: школьников, студентов и взрослых, начинающих изучать английский язык, а также для тех, кто хочет улучшить устную и письменную речь и закрепить базовую лексику. Особое внимание уделено дружелюбному и мотивирующему подходу, простым грамматическим конструкциям и возможности использовать материал как самостоятельное пособие, так и в сочетании с разговорными тренажёрами и курсами.

Introducing Yourself / Представление себя

Уровень: A1—A2

Цель: Изучение и закрепление лексики для представления себя, общения с новыми людьми, умение говорить о себе и задавать простые вопросы.

1. Warm-up Questions
